

**Peter Cockroft**  
CEO  
**European Gas Limited**

Peter Cockroft is a well known international oil industry executive with a proven track record for successfully managing international energy businesses in various countries, including entrepreneurial project identification, management and implementation (including financing), both in the petroleum and power sector.

He has been Country Manager in six different countries, and was responsible for the first combined gas field/power project ever developed in Asia. Peter has a reputation for having extremely high-level contacts in the Asian region, and is often consulted by host governments on international negotiations and energy policy. He is also a well know Petroleum

Geologist and Petroleum Engineer, with over 40 published articles, and regularly lectures worldwide for the Society of Petroleum Engineers.

Peter's executive positions include Chairman of Baraka Petroleum (BKP.AX)(2005-2006); Advisor to the CEO of Premier Oil plc (2001-2005); Managing Director of Premier & Shell Pakistan B.V. (1999-2001); and Resident Manager and Chief Company Representative, Indonesia, BHP Petroleum (1996-1998). He is currently Chairman of Blue Energy Limited, an Australian CBM company, and is Managing Director of European Gas Limited, a company specialising in unconventional gas in Europe.
