

Soumo Bose, Project Manager, **GDF SUEZ E&P UK Ltd**

IM is Possible: Delivering Success with SharePoint How GDF SUEZ E&P UK has delivered a flexible and scalable IM system for web and document management based on SharePoint giving all things to all people. How we have tackled this, solved it and got buy-in across the business and completed within two years. The future of integration with many other systems looks bright, to deliver our strategic vision of a one stop shop ,an integrated, collaborative environment.
