John Blakey, Senior Clinical Lecturer, Liverpool School of Tropical Medicine

John D Blakey is a Senior Lecturer at the Liverpool School of Tropical Medicine and Honorary Consultant and Asthma Lead, University Hospital Aintree. He is the co-founder of the LivAsthma group (www.livasthma.org) and sits on the steering group of the North West Severe Asthma Network.

His research publications have attracted over 1000 citations, and his current projects include assessing the future risk of asthma attack (Asthma UK, Wellcome, REG) and on understanding how asthma and COPD alter response to bacterial challenge (MRC). His technology-centred research includes award-winning innovations for unscheduled care (HIEC, Health Foundation).
